Beloved Ones of Light:

I have thought you might enjoy an account of the activities that take place at inner levels during the great ceremony preceding the initiation of birth. This scene is enacted each year in the month of May when all the souls destined for re-embodiment during the coming twelve-month period are assembled together in a mighty edifice called the Temple of the Sacred Heart - so named because it is here that the hearts which hold the life spark of the physical bodies in which these souls will dwell during their sojourn on the Earth plane are blessed by the Beloved Master Mary, which loving service to life has earned for Her the title of Universal Mother.

I now offer you, in the words of the Mighty Uriel, an eye-picture of what goes on during the solemn ceremony then these millions of souls take the Vow of Obedience to life, dedicate their energies while in embodiment to the service of their individual God-Presences, and are blessed by the various Members of the Celestial Hierarchy before they retire for a short while in preparation for the great initiation of physical birth.

Blessings and Love,

MAHA CHOHAN

Address by the Beloved Archangel Uriel given on May 8, 1955 - Part 1

Beloved Friends:

Today we have the magnificent service which it is My honor to describe to you - the service of drawing forth in the Sacred Heart Temple the millions of souls who will be called upon to pass through the Gates of Birth during this next twelve month period.

Let me take you now on the wings of your own free consciousness - to leave for a little while the fetters of flesh, the worries of mind, the turmoil of human feelings, and, dressed in your seamless robes of white, be not only spectators, but a part of the blessing upon those life-streams who are coming into the Earth theatre at a time when great strength and great love shall be required of them.

The Temple of the Sacred Heart is under the direction of the Beloved Mary, Mother of the Master Jesus. Great fields of long waving green grass stretch out from the building in all directions and immediately surrounding it are gardens filled with all the beautiful flowers representative of those which bloom in your own gardens.

The souls destined for re-embodiment and dedication may be seen now, dressed in white garments, making their way singly and in groups through these pleasant meadows - and so we approach the Temple.

As we come closer, we see the Beloved Mary,

whose service to life is to fashion the heart - the actual physical heart of the body in which every soul destined for re-embodiment on Earth will dwell. She stands at the great open doors of the Temple with arms outstretched in welcome and is smiling as she looks upon the approaching souls who are shortly to be born through pain into the world of form, wrapped in the bonds of forgetfulness, bringing with them vows, talents, accomplishments, developed capacities and gifts which, only God alone knows, if they will ever develop. She looks radiantly beautiful, robed in garments of soft, delicate pink, Her golden hair lying loosely upon Her shoulders and upon Her head a wreath of small pink violets.

At Mary's right stands the Beloved Vesta, beautiful Goddess of the Sun of our System, dressed in snowy white garments, a garland of white blossoms on Her lovely head. On Mary's left stands the Lady Vebus, beautiful Mother of Love, robed in cerulean blue with flowers of the same celestial color adorning Her long golden hair.

Beloved Uriel's address is continued in Bulletin No. 13
